"WAR SCARE" TO CHASE AFTER BE USED IN CONGRESS MORE PIRATES

It May Prove Very Effective In
Securing Budget for Fleet
and Defense

CALIFORNIANS USING
FORCIBLE ARGUMENTS

Point Out Unpreparedness for
War as Result of Neglect
of Pacific Coast

WASHINGTON, Jan. 27.—"The Japanese war scare" will be introduced into congress when the naval appropriation bill comes up for final passage, according to the opinion of Pacific coast senators. The recent strained diplomatic relations between this country and Japan, arising from the anti-Japanese bills introduced into the California legislature, called forth a general discussion of Pacific coast defenses, and will probably result in an increase in appropriations for Pacific coast fortifications, and a larger budget for a Pacific fleet.

The California congressmen say to their colleagues: "We don't want the Japanese. We have seventy-five thousand in our state, and we want to drive them out. Do you blame us? Would you want them in your state?" When their colleagues reply that we are not prepared for a war with Japan, the Californians ask: "Whose fault is it? We have been here for years with bills for Pacific coast defenses and a larger fleet. Give us these and we will not be forced to yield humbly to an Oriental power."

The argument carried considerable weight, and the report of the general staff of the army pointing to the ease with which Japan could capture San Pedro, and use the harbor as a basis of attack, created a profound impression. A plan is being considered by the Federal authorities to promise the California legislature that a commission will be appointed to investigate Japanese smuggling across the border if the anti-Japanese bills are quashed.

**WANT CALIFORNIAN FOR
SECRETARY OF INTERIOR**
WASHINGTON, Jan. 27.—Friends of C. H. Bentley of San Francisco, are today urging President-elect Taft to appoint him as Secretary of the Interior.

**MENELIK DEATH REPORT
IS DOUBTED IN ENGLAND**

LONDON, Jan. 27.—Little credence is given here to the report that King Menelik, of Abyssinia, is dead. The foreign office has not obtained any authentic information on the matter.

**BATTLING NELSON IS
WILLING TO FIGHT**

SAN FRANCISCO, Jan. 27.—Manager Croft today received a letter from Battling Nelson saying he would fight either Welch or McFarland, if they would settle supremacy before the end of sixty days. If he does not make a match he will go to Australia, where he believes he will be able to pick up a lot of coin.

**FIREMAN SCALDED TO
DEATH IN A WRECK**

LINCOLN, Jan. 27.—The Chicago and Denver Special, westbound, on the Union Pacific, was wrecked yesterday in the yards at North Platte. The engine overturned and fireman Barry was scalded to death. None of the passengers were injured. Several cars were derailed.

Who Have Been Attacking the
Pearl Fishing Fleets, Tak-
ing Valuable Cargo

MANILA, Jan. 27.—Coast patrol boats yesterday got under way for Parang bent on a punitive expedition against the Moro pirates who have been attacking the pearl fishing fleets, seizing valuable cargoes. News came yesterday of a recent attack, in which seven pearl fishers were killed.

The difficulties of the patrol boat officers capturing the pirates is doubled because the pirates' vessels are lighter and faster. If the expedition is unsuccessful, the navy may be asked to aid in cleaning up the bands, and destroying their retreats.

**WILLIAM HORACE DAY
FOR HEAD OF COLLEGE**

LOS ANGELES, Jan. 27.—The trustees of Pomona college yesterday decided to offer the presidency of the college to Rev. William Horace Day, pastor of the First Congregational church of this city. The meeting was held here at the office of Bishop Johnson.

Dr. Day is at present in Chicago. He has been identified with the work of the college for years and is a member of the board. He is a graduate of Amherst college, and studied at both Oxford and Berlin, Germany. For eight years past he has been pastor of the Congregational church of Los Angeles.

**TEMPERANCE PEOPLE
MAY BUILD BIG HOTEL**

LONG BEACH, Jan. 27.—Temperance people of Long Beach may build a large commercial hotel, and a site has already been suggested.

This project is the outcome of the refusal yesterday of the Seaside Investment company of the offer of J. C. Walker, Stephen Townsend and Mayor Windham to lease the Hotel Virginia and operate it as a temperance hostelry.

**GOT SACK OF FLOUR AND
EIGHT YEARS IN PRISON**

SAN BERNARDINO, Jan. 27.—Forging a check and receiving in actual value only one lonely sack of flour, cost Lorenzo Malendez, a Redlands youth, a sentence of eight years in San Quentin prison. The trial, which occurred in Judge Bledsoe's court yesterday, was disposed of in one hour and fifty minutes after it was called. The jury was out twenty minutes, returning a verdict of forgery. The youth had endorsed a stolen check for \$34.40 with a forged name, buying a sack of flour and receiving the rest in cash, which was taken from him when arrested.

RAIN WASHED AWAY SOIL OF BURNED AREA

Holes of Trabuco Filling Up With Fine
Gravel from the Holy Jim
Canyon

Striking evidence of the damage done by forest fires may be found in the manner in which the area on Saddleback burned over last July has been washed by the recent rains. Soil that had been gathering on the steep mountain sides has largely washed away. This has been noticeable along the Trabuco near Holy Jim canyon, the canyon desolated by the fire. The first rains brought down much loose soil. The soil is now washed away and light gravel is brought down by the flood and the hundreds of pools along the stream are being filled with it.

With the soil washed it will be

CONGRESS SNUBS MR. WILLETTS; EXPUNGES HIS RABID SPEECH

WASHINGTON, Jan. 27.—The house this afternoon unanimously adopted the report expurgating from the records Congressman Willett's speech.

COMMITTEE GAVE REPORT
ON WILLETTS SPEECH
WASHINGTON, Jan. 27.—Favoring the erasure from the house record of the recent sensational attack on Pres-

ident Roosevelt by Assemblyman Willett, Congressman Mann today presented a report of the special committee, appointed to determine the course of action.

The report said: "Freedom of speech in the house should not be denied or abridged, but freedom of speech during debate does not mean

license to indulge in personal abuse or ridicule. The committee finds it impossible to separate portions of the gentleman's remarks open to objection, from those which may be preliminary, and the only way to eliminate the improper remarks, will be to strike the entire speech from the record."

WALTON TO BE TRIED TUESDAY

Amateur Sleuth Charged With
Getting Money on False
Pretenses

Frank M. Walton, amateur sleuth, who has done some work for San Diego county, but has never been employed by Orange county, is to be tried next Tuesday on a charge of obtaining money under false pretenses. He is charged with selling a bicycle he had in his possession paying for on installments. Justice of the Peace Smithwick fixed the bond at \$50, and it has not been given. It is charged that Walton sold the wheel for \$15 to W. L. Salisbury, the wheel in fact, not having been paid for, and ownership still resting in E. F. Wickersheim. Salisbury claims that Walton represented that the bicycle belonged to him. Walton was arrested by Constable Smithwick.

**PETITIONS FOR RECALL
ARE BEING SIGNED**

LOS ANGELES, Jan. 27.—The petitions for the recall of Mayor Harper were put in circulation yesterday by the Municipal League. About fifty workers were carrying petitions and while no figures were given Secretary C. D. Willard said the matter was progressing more favorably than had been expected.

**MEN KILLED BY FIRE OF
GASOLINE EXPLOSION**

FORT WORTH, Tex., Jan. 27.—Four men were killed by a fire which gutted the Southern hotel here yesterday, and several women were slightly injured in escaping from the flames. The dead bodies were found near the windows evidently trying to reach a place of safety. A gasoline explosion was the cause of the fire.

SANTA ANANS AT AUTO SHOW

Local Men Welcome Visitors at
the Exhibition in Los
Angeles

The Los Angeles Automobile Show was well patronized by Santa Ana people yesterday, both by local representatives of exhibiting firms, and by visitors. F. L. Austin of the Reo and Kissell garage, Walter Congdon of the Tourist agency, Fred Ross representing the Duro and the Studebaker, Glenn Martin, county agent for the Maxwell, and Mac O. Robbins, county agent for the Fireman's Fund Insurance Co., who insures automobiles, spent the day and evening welcoming Orange county guests at their various booths.

Mr. and Mrs. Arthur Lyons, John Cubbon, Gen. Case and Mrs. Case, Elmer Burns, Geo. E. Peters, C. P. Kryhl, C. E. Parker, M. Nisson, A. J. Visel, Mr. and Mrs. H. Clay Kellogg, Henry Diers, E. A. Stockslager, Ray Stedman, E. B. Smith and Leslie Smith looked over the show at various times during the day. The fairland of lights, and the new cars in the background of green and white proved attractive to all.

JEROME OFFERS TO ACT IN LIBEL CASE

Will Prosecute New York World
If the Government Will
Withdraw Suit

NEW YORK, Jan. 27.—In a letter written to United States District Attorney Henry L. Stimson, District Attorney Jerome says that if Douglass Robinson, the brother-in-law of the president, will make complaint against the New York World for libel in the Panama Canal matter, he will institute an action for criminal libel, provided the action already instituted by the Federal authorities is withdrawn. He says in his letter that the publication of the World is of much more general importance than is found in most libels, charging in substance as it does that corrupt and dishonorable means were used by some of the chief officers of the United States to deplete the United States Treasury to the sum of \$36,500,000 for division among government favorites. He thinks such a libel should not go unpunished. District Attorney Jerome understands that the jurisdiction of the Federal Court is inadequate, and as Douglass Robinson is a citizen of New York, believes it is the duty of New York state to handle the matter.

**MISSING SOCIALIST IS

GRASER CASE IS ON TRIAL

Question is: Does He or the
City Own the Strip of
Land

Nearly all the city hall officials are today gathered in the Superior court. The case of F. J. Graser against the City of Santa Ana is on trial before Judge Densmore of Riverside, sitting for Judge West, and nearly all of the city officials are witnesses. City Attorney Heathman is representing the city.

Graser is suing to close the extension of West Walnut avenue through the Heil tract, near the city water works. His claim is that while the street is shown on maps, the city has lost title to it by reason of non-use. F. J. Heil testified concerning the formation of the tract. Street Superintendent Ward, City Clerk Tedford, City Assessor Freeman and City Marshal Edwards are called as witnesses. The city marshal lives on the street. Clyde Bishop represents the plaintiff. He objected to the introduction of the city ordinance that describes the street as a city street.

LOS ANGELES, Jan. 27.—The twelfth annual convention of the American National Live Stock Association opened here yesterday morning at the Belasco Theater, the delegations comfortably filling the building. The convention represents twenty states and the ownership of two-thirds of the livestock of the United States.

The prominent issues before the convention seem to be Federal control of grazing ranges, prohibitive tariff on live stock products and discriminative railroad rates. Incidentally the place of meeting for the next convention, with Denver and Fort Worth leading, and "St. Joe," Mo., as a possible dark horse, is developing a warm contest.

A reception to the delegates of the convention and the Walla Walla excursionists was given by the Chamber of Commerce.

ANTI-ALIEN LAW WILL LIKELY BE PASSED

Governor Gillett Advises Some
Changes in Recent
Drew Bill

THAT WILL MEET THE
PRESIDENT'S VIEWS

Other Bills of Importance Pass
Legislature and Others
Are Favored

President Roosevelt today sent a message of congratulation to Gov. Gillett on the manner in which he handled the anti-Japan question. His message says: "I must again express from the standpoint of all the people, my appreciation of the great service you are rendering. I have absolute and entire faith in the judgment and patriotism of the people of California, and know they will support you."

**ANTI-ALIEN ACT WILL
NOW BE THE PROGRAM**

SACRAMENTO, Jan. 27.—It now seems likely that some sort of anti-alien, not necessarily anti-Japanese, legislation will be enacted at this session of the legislature. The governor and Assemblyman Drew have practically agreed that some anti-alien laws are needed.

Governor Gillette today wrote Drew: "I am inclined to think the best possible law against the alien ownership of land should be similar to the one adopted in Oklahoma. You might add a last section to your bill, extending the time of leases. I think one year is rather short, in as much as the bill applies to all aliens. I am also of the opinion that President Roosevelt and Secretary Root would agree that this bill would be all right. I have telegrams indicating as much. Drew replied, promising that he would amend the bill as suggested.

In compliance with the wishes of Assemblyman Drew, speaking for himself and Gov. Gillett, the assembly has postponed final action on the anti-Japanese bills until next Wednesday.

Cartwright's Amendment
SACRAMENTO, Jan. 27.—Senator Cartwright, author of the anti-trust law, today introduced an amendment in the senate, to his act, defining labor rights under the anti-trust law. The amendment is, "Labor, whether skilled or unskilled, is not a commodity within the meaning of this act." He is also planning an amendment making its violation a felony.

Cartwright is not yet convinced that Leroy Wright's suggested amendment is safe. He fears it is too broad.

**SANFORD IS AFRAID OF
JAPANESE CITIZENSHIP**

SACRAMENTO, Jan. 27.—It is believed that if the laws discriminating against the Japanese pass the legislature, President Roosevelt will send a special message to congress requesting that Japanese be given the privilege of American citizenship, and Senator Sanford has decided to drop his efforts to bring about a passage of the anti-alien bills. He will also drop his own measure to prevent an alien who is not a citizen of the United States, owning land in California. Senator Sanford says President Roosevelt has already intimated such a course, which would be a slap in the face of California, and entrench the Japanese in positions of greater advantage than ever before.

An Extraordinary Offer

THE GREATEST EVER MADE BY ANY NEWSPAPER

Three Great National Magazines

ABSOLUTELY FREE

For Old and New Subscribers

BUSINESS men advertise—frequently they make tremendous sacrifices to attract new customers. We believe in this policy, and practice what we preach by doing something each year to attract new subscribers and to favor our old readers who are entitled to an occasional good thing.

After pending several months in search of a premium, we finally decided we could not offer a better or more useful or attractive premium than a combination of high-class home magazines, and chose "World's Events," "Home Herald" and "Vick's Magazine" on account of their high character and literary quality.

We do not hesitate to say that we regard our offer this year to be the most extraordinary ever offered by any newspaper in this vicinity. We offer these three magazines in connection with a new or renewal subscription to our own paper on such favorable terms that we do not see how it is possible for a single reader not to take advantage of it. We want you to read every word of this announcement. Read the description below of the three magazines. Read the terms of our offer and accept at once.

World's Events

"THE WORLD'S NEWS AND THE WORLD'S VIEWS"

World's Events is a modern magazine of current thought and action, issued on the first of every month and profusely illustrated. It contains the world's news and the world's views covering every important event of social, scientific, political and educational character. The latest discoveries in science and invention, commerce and industry are noted in its pages, illustrated and discussed. The larger features of the month are treated in feature articles by experts, while the smaller happenings are condensed and classified and presented in an interesting and telling manner. Side-lights on celebrities, the current stories and anecdotes of the great and near great, are scattered through its pages in a way that makes these characters real and interesting to the general reader. Those who wish to know the trend of world history and world thought without reading hundreds of papers may do so easily through the assistance of this magnificent publication. It contains the best thought of the day on the problems of the age.

World's Events is absolutely spotless on every page and will not accept any of the undesirable advertising which makes most of the current magazines objectionable for family reading. It is the ideal monthly for the home. It has 36 pages with cover in colors.

Home Herald

"A PAPER WITH A PURPOSE"

The Home Herald is an independent family weekly of twenty pages, fully illustrated. It is one of the most reliable, popular and influential publications in existence. It has an enormous circulation all over the world and it has probably a larger percentage of subscribers who renew their subscriptions year after year than any other weekly journal.

The beautiful covers in colors are prepared by well known artists. Its fearless editorial treatment of current events and its feature articles by men prominent in public life make the Home Herald indispensable to those who desire to keep in touch with public opinion affecting great issues and problems in the home.

Among some of the well known contributors in recent numbers have been Wm. Howard Taft, William Jennings Bryan, James S. Sherman, Governor Hanly of Indiana, Governor Folk of Missouri, Dr. Washington Gladden, John Balcom Shaw, Charles M. Sheldon, Booker T. Washington, John V. Farwell, Bishop Samuel Fallows, G. Campbell Morgan, John C. Havemeyer, President Blanchard and Dr. A. C. Dixon.

Judge McKenzie Cleland who has been a subscriber for fifteen years has recently said:

"Of all the papers that come to my house, the Home Herald is one of the brightest and best and most highly prized. My children are always eager for it and we all like it and feel that we could not do without it. I enjoy a paper that dares to be original, independent and fearless."

Vick's Magazine

"A PERIODICAL OF PROGRESS"

Vick's Magazine, founded in 1878 by the eminent pioneer seedman and philanthropist, James Vick, has ever been the leader among the publications of its class. It is essentially a home magazine and maintains that direct personal interest in its subscribers, in the same way that its founder did over thirty years ago.

Vick's Magazine is distinctively a "Booster Magazine," boosting every good thing worth boosting. Therefore, the chief aim of Vick's is to show how the graces of human nature may best be cultivated by giving in cheery and breezy narrative, story or verse, interesting exhibits of good things that may be done in the cultivation of a light heart and a happy good nature.

Vick's Magazine has some very special numbers coming, among them, "The Enjoyable Farm Home," "The Orchard Bountiful," "The Home Garden," "The Country Beautiful," etc. All this matter by the most renowned writers in the United States.

Vick's Magazine has a real, positive and practical value to its subscribers. Through its many departments, in charge of a corps of capable editors, it reaches every interest of the home. Notice the following interesting departments: Floral, Garden, Household, Clever Ways of Doing Things, Fashions, Dressmaking, Fancy Work, Home Building, Question Box, Poultry, etc. Vick's Covers are in two colors, 36 pages, printed on good stock.

MUST RAISE A DEBT OF \$200

Old Board of Y. M. C. A. Not Going to Quit Under Financial Strain

The Y. M. C. A. held their regular annual meeting last evening with only enough for a quorum present. The treasurer's report and various committee reports were read and accepted. The treasurer's report showed the association as being behind nearly \$200 and that by Feb. 15 it would actually be \$200 in debt.

Upon discussion it seemed advisable for the old board to hold over until

some arrangements had been made to meet the indebtedness, no one being willing to accept a position on the board with such a debt to meet.

The meeting adjourned to meet again two weeks from last night which will be on Feb. 2, when it is hoped a larger number will be in attendance.

MUSICAL DATE IS NOW JANUARY 28TH

For a third time the musical at the M. E. church has changed its date, twice on account of bad weather and this time so as not to conflict with the High School Orchestra recital which will be given on Friday evening.

The musical will be given on Thursday evening, Jan. 28, at the M. E. church. A silver offering will be taken. Miss Sue Dean will give some of her readings and the musical numbers will be of the best.

PERSONAL

Mr. and Mrs. T. H. Elijah are enjoying a visit from Mr. Elijah's sister, Miss Isabel Elijah of Los Angeles.

I. N. Brigham has severed his connection with the Modern Manufacturing Co., and is spending some time in Los Angeles. E. E. Remsburg holds the position formerly occupied by Mr. Brigham.

Miss Alvine Dittmer, who spent a year with her brother Adolph Dittmer some time ago, died at her father's home in Fort Dodge, Iowa, yesterday. Miss Dittmer made many friends in Orange to whom the news of her death will bring sincere sorrow.

Mrs. Mayhew of Denver, Colo., is expected on a short visit at the home of Mrs. Fernald today.

Mr. Weiss was a city visitor yesterday.

R. W. Jones' nephew, John Williams and his friend, Robt. Pritchard from Milwaukee, have been visiting with Mr. Jones for the past few days. They have left for a short visit in Los Angeles.

Mr. and Mrs. Burrows of El Modena are spending a few days in Los Angeles.

Harry Helwig and Mr. Thomas went hunting down Newport way on Monday, returning yesterday with quite a full bag of ducks. Rumors of a big dinner of roast duck stuffed are in the air.

Miss Mildred Bouton returned yesterday from the Good Samaritan hospital in Los Angeles where she underwent an operation some ten days ago. She is improving nicely but will go once a week to the hospital for two or three weeks to have the wound dressed.

Notice of Sale of Real Estate
In the Superior Court of the County of Orange, State of California.

In the matter of the estate of Floy S. Gearhart, deceased.

Notice is hereby given that in pursuance of an order of the Superior Court of the County of Orange, State of California, made on the 8th day of January, 1909, in the matter of the estate of Floy S. Gearhart, deceased, the undersigned administrator of said estate, will sell at private sale to the highest bidder for cash, lawful money of the United States, as provided by law and subject to confirmation by said Superior Court, on or after the 28th day of January, 1909, all the right, title, interest and estate of the said Floy S. Gearhart, at the time of her death, and all the right, title and interest that the estate has by operation of law or otherwise acquired other than or in addition to that of the said Floy S. Gearhart, at the time of her death, in and to all those certain lots, pieces or parcels of land situate, lying and being in Orange county, State of California, and more particularly described as follows, to-wit:

The southeast quarter (S. E. ¼) of the southwest quarter (S. W. ¼) of the northwest quarter (N. W. ¼) of Section 9, township 5 south, range 10 west, S. B. B. & M.

Bids for the above described real estate must be in writing and will be received at any time after the first publication of this notice, and before making said sale, and said bids may be filed with S. M. Davis, in the District Attorney's office in the County Court House, Santa Ana, Orange county, California, the attorney for said administrator.

Terms and conditions of sale: Ten per cent of the purchase price payable on acceptance of bid and the balance on confirmation of sale by said Superior court.

Dated January 11, 1909.

A. R. GEARHART,
Administrator of said Estate.

COMMENDABLE CONSERVATISM

Whatever may be the outcome of the proposed salary raises at the court house, the Register desires to commend the conservative course of the supervisors in their recommendations. As we have repeatedly said, we believe some of the officers ought to have a raise if it can be legally given, but we have believed that in several if not in all instances the amount asked was too much. This belief is strengthened by the action of the supervisors, who have recommended less than the amount asked for in every instance—very much less in some cases.

The adjustment, the proportion, is not just what we think most equitable, but the supervisors ought to know more about it than we do.

The question of the legality of the proposed raises has come up in a pretty serious form and there are those who do not hesitate to say the supervisors included Treasurer Joplin and District Attorney Davis (without being asked to do so) in their recommendations for raises, because these officers could, if they would, hold up the salary warrants. For the present, at least, the Register believes it only fair to presume that the supervisors included the treasurer and district attorney simply because they deemed these officers as much in need of a raise as some or any of the others.

CLOSE TO THE PEOPLE

The coming Lincoln centennial brings to mind two great facts concerning the American people from which all true reformers should take courage. Fact number one: No man understood the common people of this country as did Lincoln. Fact number two: No man ever trusted the common people as did he. Mind, he knew the common people and trusted them. He TRUSTED them because he KNEW them, and they never failed him. At no time in our history had there been greater opportunities for dissent than during our civil war, and often the common people did not understand. But they trusted Lincoln and never regretted it. Mind you, the COMMON PEOPLE, that great middle class that works for a living. Upon this class must all reform depend, political or social, and not on the princes and paupers of the country. When this class gets too small to exercise a controlling influence, the country will be in a bad way. Practically all the troubles of the world arise from this cause. The bloodiest page of modern history is an account of such a situation. The massacre of St. Bartholomew made it possible. By driving out the Huguenots France weakened her middle class and unbalanced the body politic. Then came the day of reckoning—the French Revolution—in which the two extremes of society came into conflict, and the honest, working people were too few to control them.

The awful riot of blood which followed must ever be a warning of the dangers of a one-sided civilization.

Confusion, with crime in the ascendant, has always followed such a situation. The only safety lies in the common people who can always be trusted when they are made to understand. Roosevelt saw this when he said that the remedy for our ills is PUBLICITY.

This is the principle on which the direct primary is founded, and now that it has been endorsed by a tremendous majority of the people of California it is already bearing good fruit. For fear of it, the old set who have always dominated at Sacramento are singing low. With the convention abolished, the caucus will no longer be king, and they must hereafter look to the people. The people will have to be settled with. And, to use the oft-quoted saying of him whose name suggested this line of thought, "You can fool all the people part of the time, and part of the people all the time, but you cannot fool ALL the people ALL the time."

A man wearing an overcoat with a fur collar always makes the Washington Democrat think he married a rich wife.

An Iowa man, John Cornelius Holgate, formerly of Van Buren county was the founder of Seattle.

GOOD FROM BAD INTENT

It looks as though the yellow press and the yellow politicians have at last done something which is about to result in substantial and lasting benefit to the whole country, especially to Southern California. The fact that the service performed comes as an indirect and unforeseen result, and was not intended for good, detracts nothing from the satisfaction it brings.

This is the way it happened: The yellow politicians at Sacramento started it in the shape of an anti-Japanese bill which brought the Japanese ambassador to the White House with a protest, which brought the president to the front with a warning to Gov. Gillette, which brought the aforesaid yellow journals out with a wild and prolonged war-whoop, which brought from the war department a hurry-up call for congress to fortify San Pedro harbor.

You see it reads just like "the house that Jack built." It ends up all right, though, first by knocking out the schemes of the political tricksters, and second by bringing to congress a knowledge of the needs of this part of the Pacific coast in the way of defense against a foreign foe. It also affords a vivid illustration as to how the unexpected sometimes happens, and also as to how

"The best laid plans of mice and men Gang afe alee!"
The appeal to race prejudice for petty political purposes failed as it should, but it brought forth a great uproar with international complications which emphasized the importance of Southern California to the United States and the necessity for making it safe from invasion.

It is probable, therefore, that as the result of the agitation started by these discredited and irresponsible papers and ward heelers, congress will at once authorize the fortifying of our harbor. Thus it is shown that even the most pestiferous elements in our body politic have their uses in spite of themselves.

WOE IS HIS LOT

The life of the average city official is surely a hard one. No sooner is he sworn in than he runs up against this and that interest, scheme or fake proposition, all demanding recognition and assistance. They are usually backed up by "arguments" that are supposed to be satisfactory to the ordinary politician. Whichever way he jumps it is sure to be from the frying pan into the fire.

If he listens to the politicians, his constituents get after him. If not, the politicians camp on his trail, and there he is between the devil and the deep sea—the former being represented by the politicians and the latter by the people.

Here now, are the officials of Belmont Heights, the newest of Southern California municipalities, in all sorts of trouble because they listened to the demands of the liquor interests, and those of Long Beach in the same fix because they would not.

Looks like things had got twisted around some way.

We used to hear the expression, about big things—"Well, that's some pumpkins!" How's this for "some apples?" Eighty-five thousand dollars was the total cost of the national apple show in Spokane, December 7 to 12, when premiums of an aggregate value of \$25,000 were awarded to exhibits in the various competitions. The auditor reported a deficit of \$3,500, which was promptly met by 100 men subscribing \$35 each.

"Of course," observes the Marshalltown Times-Republican, "Tillman and his kind do not compare with the Messina affair but he's a disaster just the same."

The "pointed paragraph" man of the Chicago News ventures the assertion that "a good fighter dodges lots of quarrels."

VITAL RECORDS

(A Correction)

Because of the inaccuracies of yesterday's report of the death and funeral of Mr. White, the subjoined article is given as corrected.

George Nelson White was born August 8, 1812, and died Sunday morning, Jan. 24, 1939, in Santa Ana, Cal. He was the son of Robert White and Sally Frye White, and was the ninth in a family of eleven children, of whom he was the last survivor.

The funeral services were held at his late residence, 908 West Fifth street, and conducted by Rev. Mr. Secombe, pastor of the Congregational church. Interment was at the Santa Ana cemetery.

In 1844 he married Miss Abby P. Currier, who died in 1880. In 1883 he married Miss H. B. French, who died in Santa Ana, January 26, 1906.

In 1819 the White family removed from Vermont to South Montville, Maine, where the deceased lived till middle life. He resided some years in Boston, then moved, in the fifties, to Illinois, where he lived forty years, most of the time in Champaign.

In 1893 he removed to the milder climate of California, and since 1898 has been a resident of Santa Ana.

Mr. White was a man of much native ability and sound judgment, of strong and trustworthy character, and in the course of his long life filled creditably various positions of public trust. He lived a highly moral life and in his younger days was an active worker in the temperance cause. He believed in God and universal salvation through Christ.

The past three years and more he has been extremely feeble and, with slight exception confined to his room, he has evinced much patience and fortitude.

During his long years of sickness he has been nursed and tenderly cared for by Mrs. Fogg and Miss Randall, for which care he has often expressed his gratitude.

ANTI-ALIEN LAW WILL LIKELY BE PASSED

(Continued From Page 1)

Wolfe of San Francisco, and Willis of San Bernardino, created a mild sensation last night before the election laws committee, saying they would support the Wright direct primary bill if it is amended so as to contain the provisions of the Oregon law, which recently allowed the election of a Democratic senator by a Republican legislature. Former Code Commissioner Davis declared such an amendment would mean the defeat of the law at the polls.

Social and Personal**Interesting Installation**

Sycamore Rebekah lodge now has a new set of officers installed on last Saturday night, when the lodge, reinforced by enough visitors to swell the number present to 146, gathered to witness the beautiful ceremonies conducted by district deputy, Mrs. Flowers, and her well drilled team.

Following these, a presentation of flowers and oranges to each of the new officers was made by Judge Piffner of Orange, who was that evening celebrating his seventy-third birthday. A special gift of 73 oranges, representing the years of his life, was made to the Noble Grand by the Judge on behalf of the lodge.

Santa Ana Canton No. 18, I. O. O. F. then bestowed a dainty bouquet of

violets on each officer-elect and each member of the installing team. These amenities were succeeded by the enjoyment of appetizing refreshments served in the banquet room.

This lodge is expecting a visit from the state president, Mrs. Lizzie L. Coombs, at its meeting of Feb. 13. By that time the new officers will be ready to fill their places with efficiency. They are as follows:

A. P. N. G.—Neller Graser.

N. G.—Lillian Sheats.

V. G.—Eunice Reid.

Rec. Sec.—Fannie Peters.

Fin. Sec.—Alice Whitney.

Treasurer—Hannah Kling.

Warden—Orlantha Bird.

Cond.—May Burlew.

I. G.—Gertrude Koehler.

O. G.—Mary Squires.

R. S. N. G.—Julia Dickinson.

L. S. N. G.—Blanche Liebig.

R. S. V. G.—Josie Shoemaker.

L. S. V. G.—Mida Branson.

Chap.—Katherine Clark.

R. A. S.—Cornelia Shriver.

L. A. S.—Mary Bishop.

Trustees—Emma Chandler, Martha Taylor, Belle Rogers.

Piano and Organ Recital

The Church of the Messiah was crowded last night to hear the piano and organ recital given by Ernest Douglas of Los Angeles and Percy Shaul Hallett of Pasadena, assisted vocally by the choir of the church.

The music given was of a high order and Mr. Douglas' reputation for masterly organ playing was fully sustained.

Miss Lena Hubbard of Los Angeles is visiting Mrs. A. Fischer of First street.

Geo. A. Arey, an old timer of Gunnison, Colo., but now a full-fledged Californian, visited his old friends, Mr. and Mrs. O. H. Hall, Sr., yesterday.

Miss Winters of Los Angeles is visiting Miss Ava Wells.

Mr. Harry Tedford and his bride, formerly Miss Fanny Armstrong of Old Newport, left yesterday for their home in Shasta county.

S. T. Miller was a Los Angeles visitor yesterday.

Burt Stephenson went up to Los Angeles yesterday and today to attend the convention of the National Live Stock Association.

Salad Club Meeting

The Salad Club girls were the guests of Miss Daisy Roberts last evening at her West Seventeenth street home. A cream cheese and celery salad was the principal item of the supper menu.

Cards and music were enjoyed during the evening hours. All of the members of the club were present with Miss Winters of Los Angeles as a guest of the evening.

W. C. T. U. Mothers' Meeting

The W. C. T. U. held a very interesting and profitable mothers' meeting yesterday afternoon at the home of Mrs. J. M. Copeland, 615 North Sycamore street. The subject was, "Moral Education." The devotional service was led by Mrs. W. B. Tedford. She gave as the scripture lesson the story of the birth of Moses, the story of Hannah, the mother of Samuel, and the story of Mary, the mother of Christ. Several short prayers were offered, and the devotions were closed by singing "Guide Me."

Mrs. John Mitchell had charge of the program and gave a short talk on the subject of "Moral Education."

Mrs. Norman read a splendid article on "Defective Memory as a Moral as Well as a Physical Disease." Mrs. Hill read an editorial on "Purity," and Mrs. Chantry gave a short account of her visit in the northern part of the state.

A very interesting discussion followed and was joined in by all present, on the "Moral Education of Our Children," after which Mrs. Tedford suggested that we hold a mothers' meeting next summer at Birch Park and invite all young mothers to be present and discuss this subject of "Moral Education," in the meantime giving out some good literature on the subject.

Mrs. Helen Harford, National W. C. T. U. Superintendent of Christian Citizenship, will be in Santa Ana soon, and will deliver a lecture while here. The date of her coming will be given later.

Mrs. J. E. Kellogg and Mrs. J. E. Tillotson were appointed auditors.

The next meeting will be in charge of Mrs. Hill and Mrs. French, and the subject is "Crusade Memories." If there are any persons in the city

Mr. Baumgardt will begin his lecture promptly at 2:30 o'clock and all members are requested to be present at that time. The business meeting of the club will be held after the lecture.

Woodmen Installation

Santa Ana Camp, Woodmen of the World, last night installed officers for the coming year as follows: O. C. Overman, C. C.; F. W. Mansur, A. L.; W. C. Roberts, banker; O. M. Robbins, clerk; J. L. Rudolph, escort; A. N. Zerman, watchman; W. S. Lee, manager.

T. C. Veale of Pasadena, Head Adviser, acted as installing officer, assisted by E. P. Martin of Los Angeles, organizer for this district, acting as marshal. After the installation a banquet and social time was enjoyed.

The Woodmen are planning for an entertainment on the evening of Feb. 16, to which invitations will soon be issued. Both local and outside talent will help to make the evening enjoyable for friends of the camp.

Wonderful Boy Soprano

From the Los Angeles Record, under the caption, "Crowd Hears Boy Soprano:"

Little Vernon Bettin, boy soprano, did what a number of renowned musicians have failed to do, Friday night. He sang to an audience that practically filled the main floor and the first balcony of the Simpson Auditorium. The program was chosen so that friends might have an opportunity to get an idea of the singer's versatility. Simple ballads and difficult selections from grand opera were well rendered. Master Bettin was assisted by Jamie Overton, a young violinist with more than ordinary ability, and a boys' vested choir.

North Side Club

This club had one of its pleasant meetings yesterday at the home of Mrs. J. R. Wilson on North Main, who was assisted in entertaining by Mrs. H. H. Bonney. The reading of "Lavender and Old Lace" was finished, and dainty refreshments were served. Most of the members were present, besides several guests.

FINE BIRDS MADE A FINE SHOWING

Cock and Hen Shipped by Local Fancier Take Prizes at Walla Walla

O. M. Robbins of this city has just received a letter from Rev. J. H. Bainton, of Colfax, Wash., to whom he recently sent a Buff Leghorn cock and hen, in which Rev. Bainton states that he entered the birds in the Walla Walla poultry show with most satisfactory results. Each bird took a first prize, scoring 93½ points under Geo. H. Northup, a judge of national reputation. The score of 93½ is a surprisingly good score for a buff bird past the yearling stage, as fanciers have quite an effort to get every feather a good true buff. Mr. Robbins' birds were cut but 2½ points on color, and he is heartily congratulating himself that his matings have turned out so excellently.

A DISMISSAL FILED IN GROOVER SUIT

A dismissal has been filed by Attorney L. A. West for the plaintiff in the action of Edward Groover against C. E. Echenique and T. Agoure, each side to pay its own costs. OFFICERS IN SEARCH OF ONE WHO DID IT

City Marshal Jernigan of Orange and Constable Jackson of Santa Ana have been at work on the dynamite explosion case. Yesterday the officers located a large portion of the dynamite that was taken from the Pixley Hardware Co. at Orange. The explosive had been kept in a building near the Ainsworth Lumber Co. Hoboes had broken in and slept there, and boys afterward played about the building and carried away the dynamite. All but forty sticks of it were found beneath some boxes not far from the building. There seems to be no question but what some of the Orange dynamite was used in producing the explosion behind the Central primary building here on Monday night.

INDIGESTION IS VERY EASILY CURED

Five Minutes After Taking Dia-
pepsin All Stomach Dis-
tress Will Vanish

--As there is often some one in your family who suffers an attack of indigestion or some form of stomach trouble, why don't you keep a case of Diapepsin in the house handy?

This harmless blessing will digest anything you can eat without the slightest discomfort, and regulate a sour stomach five minutes after.

Tell your pharmacist to let you read the formula plainly printed on these 50-cent cases of Pape's Diapepsin, then you will readily see why they cure indigestion, sour stomach, heartburn and prevent at once such miseries as belching of gas, eructations of sour undigested food, nausea, headaches, dizziness, constipation and other stomach disorders.

Some folks have tried so long to find relief from indigestion with the common every-day cures advertised that they have about made up their minds that they have something else wrong, or believe theirs is a case of nervousness, gastritis, catarrh of the stomach or cancer.

This is a serious mistake. Your real trouble is, what you eat does not digest; instead, it ferments and sours, turns to acid, gas and stomach poison, which will putrefy in the entire digestive tract and intestines, and, besides, poison the breath with nauseous odors.

A heavy appetite, with thorough digestion, and without the slightest discomfort or misery of the stomach, is waiting for you as soon as you decide to try Pape's Diapepsin.

One candy-like Triangule, taken after eating, will promptly digest all your food, the same as a strong, healthy stomach would do it.

The Wolf

Alan Dale, the critic of the New York American, in his review of Eugene Walter's second successful play, "The Wolf" said:

"Success is a dreadful tyrant. It sits up and snarls, shows its ugly teeth, and dares the dazzled playwright to enroach upon its territory. It holds its position jealously, and refuses to be budged. Success, in fact is a frightful old-man-of-the-sea. Mr. Eugene Walter, the happiest dramatic find of the year, must have felt this Saturday night at the Lyric Theatre when his second play, 'The Wolf,' was offered, right on the heels, as it were, of his 'Paid in Full.' And there we all sat, asking ourselves just that: Was 'The Wolf' as good as 'Paid in Full'? Would it be as much of a success? Were we right when we announced that Mr. Walter was a 'find'? His second play is a melodrama, vivid, but primitive, and vital; his first was in lighter vein.

Theatre-goers of Santa Ana will have their first opportunity to view this great dramatic success, fresh from its New York triumph, at the Grand opera house, on Thursday, Jan. 28.

MISS ANNIN BECAME BRIDE LAST SUNDAY

FULLERTON, Jan. 26.—Miss Alice Annin, daughter of Mr. and Mrs. A. B. Annin, and Walter Wrigley, an oil well driller on the Puente lease, were married at the home of the bride Sunday at noon. Rev. A. B. Embree officiated in the presence of fifty invited guests, including uncles and aunts of the bride from Illinois. Miss Sadie Schumacher, a niece of the bride, played the wedding march. Miss Annin wore a champagne silk wedding gown. Mr. and Mrs. Wrigley will reside at the oil wells, where the groom has furnished a new cottage.

A GOOD REASON

Santa Ana People Will Tell You
Why It Is So

—Doan's Kidney Pills cure the cause of disease, and that is why the cures are always lasting. This remedy strengthens and tones up the kidneys, helping them to drive out of the body the liquid poisons that cause backache, headache and distressing kidney and urinary complaints. Santa Ana people testify to permanent cures.

W. H. Wilkison, of 918 Cluster St., Santa Ana, Cal., says: "I was subject to attacks of kidney complaint for ten or twelve years. I had severe pains in my back which were almost unbearable at night. I rubbed myself with liniment and tried many recommended remedies but failed to find relief. There was also a difficulty with the kidney secretions, they passing too frequently. I consulted a doctor who told me that I had kidney trouble due to too much riding. As driving had been my occupation for a good many years I knew this must be true, so when a friend recommended Doan's Kidney Pills to me, I procured a box at Tubbs & Co.'s drug store. After a few doses I was relieved and continued to improve as I kept on with their use. It required just one box to thoroughly eradicate the long standing complaint and I have since had no pains or aches in my back. My strength and energy have returned, I can rest well at night and feel like a new man. I cannot say too much for Doan's Kidney Pills."

WHERE MONEY GROWS

MR. RANCHER ARE YOU MAKING AS MUCH MONEY AS YOU SHOULD? DO YOU GET AN ABUNDANCE OF WATER AT A LOW RATE? DO YOUR PRODUCTS BRING THE HIGHEST PRICES? IF NOT, INVESTIGATE THE LANDS OF THE LAGUNA DE TACHE RANCH, WHERE A FORTUNE AWAITS YOU. READ CAREFULLY THE FOLLOWING QUESTIONS AND ANSWERS, THEY POINT THE WAY TO INDEPENDENCE, THEN CALL ON OUR LOCAL AGENT AND GET MAPS AND FURTHER PARTICULARS.

TRUTHFUL ANSWERS TO SOME PERTINENT QUESTIONS ABOUT LAGUNA DE TACHE LANDS

Where is the Ranch Located?

In Fresno county in the geographical center of the state, extending for thirty miles along the north bank of Kings River, about half way between Los Angeles and San Francisco.

What Kind of Land Is It?

It is an alluvial deposit of sandy loam, commonly called "mca sediment soil." It is all "made land" surpassingly rich and fertile, capable of the most diversified production. It ranks with the very best creek and river "bottom lands" in the United States.

What is the Lay of the Land?

It is practically level, falling about two feet to the mile with the river. There are no hills, no rocky, stony or gravelly land whatever.

Is There Any Alkali, Hardpan or Adobe?

Throughout the San Joaquin Valley spots of alkali land will be found. The land on the Laguna having been deposited by the water has had most of the alkali dissolved and carried away by the natural drainage. There still remains, however, certain small areas or spots where there is too much alkali for certain crops, while certain other crops would grow successfully. These spots are easily recognized and can be avoided. As to hardpan or adobe, neither are found in the strictly alluvial lands of the Kings river.

What is the Annual Rainfall?

From eight to twelve inches falling from October to May. It seldom rains during four or five summer months.

Is Irrigation Necessary?

Yes, the winter rains are insufficient to put enough moisture in the soil to make sure crops. They can usually be depended on to make a crop of grain hay, and put the land in good condition for working but there are few if any places in Southern California where successful farming can be carried on without some kind of artificial water supply.

Are There Any Creameries?

Yes, creameries are in operation at most of the towns. One at Laton making two thousand pounds of butter per day, three at Hanford making from five thousand to seven thousand pounds per day; others within reach of this territory. There is active competition for the cream of every dairyman and the prices are good. The Laton creamery has averaged thirty cents per pound for butter fat for the past twelve months.

Has the Land a Water Right?

Yes, all our land has a perpetual right to the water in Kings River. This water right goes with the land and cannot be separated from it. The price of this water right is included in the price of the land and neither now or hereafter can the land be sold or conveyed without the water right. In other words the water is a part of the land and both always remain together.

How is Your Land Watered?

By canals taken from Kings River, the best irrigation stream in the state. It drains 1742 square miles of high mountain watershed, where heavy snow falls in winter and melts out in summer. There is abundant water for all the land that can be reached by canals from the river.

How Much Water Does This Water Right Call For?

All the water necessary to irrigate the land not exceeding one cubic second foot continuous flow for each 160 acres.

What Does the Water Cost?

Sixty-two and one-half cents per acre each year. (A part of the Laguna carries a charge of 75 cents per acre.) This rate does not vary and is fixed by the Board of Supervisors of Fresno county.

How is Water Obtained for Domestic Use?

By bored wells, 35 to 60 feet in depth, costing 50 cents per foot.

What Are the Principal Products and What Will Each Sell for per Acre?

Nearly all the eastern crops are grown successfully and are generally very profitable. The following list of crops, average yield and present prices will be instructive: Indian corn, 40 bushels per acre, 65 cents per bushel. Egyptian corn, 35 bushels per acre, 80c per bushel. Barley (grain) 20 bushels per acre, 50c per bushel. Barley hay, 2 tons per acre, \$8 per ton. Wheat hay, 1 1/2 tons per acre, \$9 per ton. Oat hay, 2 tons per acre, \$8 per ton. Alfalfa hay, 6 to 8 tons per acre, \$5 per ton. Potatoes, 200 bushels per acre, 60c per bushel. Onions, 200 bushels per acre, 60c per bushel. These yields are about average. Indian corn has produced as high as 80 bushels per acre in some fields. So, too, 3 1/4 tons of oat hay have been produced this year by some farmers, but these must not be taken as a safe guide.

How About Fruit Growing?

In all the great state of California, noted as it is for production of fruit, there is no area or locality that can excel the Kings River Delta in quality and quantity of deciduous fruits. (Oranges and lemons are not grown). Especially peaches, apricots, prunes and plums. We hesitate to quote present year's returns for fear of being accused of gross exaggeration. Generally speaking, a good peach orchard will produce \$100 per acre when in full bearing. A good apricot orchard \$200 per acre. Last year, 1908, fruit was very high and the products of orchards brought fabulous prices. Reports of sales at \$200 per acre for peaches on the tree are common this year, and several crops of apricots have been sold at better than \$400 per acre. These prices cannot be expected to continue, but orchard property will always pay handsome returns.

How is the Country for Grapes?

Positively the best in the United States. It is the home of the Muscat or Raisin Grape, and 75 per cent of all the raisins produced in the United States are grown in the three counties of Fresno, Kings and Tulare. The finest cluster raisins put on the market are grown near Armona on Kings River Delta land. Broadly speaking a good vineyard will produce from \$75 to \$125 per year. Last year, 1908, raisins, like peaches, were bringing high prices, and many sales were made that brought over \$150 per acre. A good bearing vineyard is an extremely profitable thing to have. Most of the Laguna is good vineyard land.

Is It a Healthy Country?

The reports of the census bureau show that the death rate of Fresno and Kings counties is about 6.48 per thousand.

What Months of the Year Are Unproductive?

Practically none. Garden vegetables are grown and marketed every month in the year and profitable work on the land can be done all the year through.

Is It a Good Climate?

Yes. For nine months of the year there is no better climate in California. Three months of the summer are hot, and during that time it is not as pleasant in the San Joaquin valley as at the sea coast or in the high mountains.

Can You be Sure of Crops Every Year?

Yes, a failure of crops on Kings river has never been known.

How is Your Land Located as Regards Towns and Railroads?

None of our land is more than eight miles from a railroad station on a direct line. The Santa Fe Railway's main line crosses our land. The Southern Pacific Railway has one line through our land, another line passes close to the east end of the Laguna, and still another line passes near the south end of it. The following shows towns on or near our property: Laton, population 400, on the Laguna, Kingsburg, population 800, two miles from Laguna, Lemoore, population 1500, four and a half miles from the Laguna, Hanford, county seat of Kings county, population 6000, eight miles from the Laguna, Fresno, county seat of Fresno county, population 20,000, eighteen miles from Laguna.

Is It a Good Dairy Country?

Yes, one of the best in the state. The rich native grasses combined with alfalfa furnish green feed every month in the year. Cows can be kept in full flow of milk during the winter months when the price of butter is always high.

Is It a Good Stock Country?

The Laguna has been noted for the past fifty years as one of the best all-round stock countries in the state. Green grass all the year, plenty of water and timber for shade makes it the ideal place for the big stockmen. It still retains all the advantages it ever had but the day of cheap range feed is past and it is fast being given over to the small stockman and dairyman. All kinds of stock, horses, mules, beef stock and hogs, do exceedingly well, and there is no place in the state better adapted in stock-raising as it is carried on in the eastern states.

How About Hog Raising?

This is one of the greatest hog countries in the United States. The absence of any winter enables stock to be bred at any season of the year. No shelter is required. A brood sow will produce two litters of pigs each year. The skim milk from the dairy and the green alfalfa pasture keeps them growing, and at six months old a few weeks on corn finishes them off to weigh 175 to 200 pounds, worth in the market at present \$6 per hundred. The price of live hogs has not been less than \$5.50 for the past eight years. Figure it out for yourself.

Prices and Terms

From \$40 to \$75 per acre for unimproved land depending on the quality and location. At present you can take your pick of 5000 acres on our fifth subdivision at \$75 per acre and you will find some of the finest land in California to select from. We have some land at \$30 or \$35 per acre if you want it. One-fourth down, balance 8 yearly payments at 6 %.

LOS ANGELES PRODUCE MARKET

The warm and sunny weather of yesterday morning brought gardeners out in large numbers and the market was more than well supplied in many commodities. Lettuce was superabundant and many dealers were unable to get rid of their surplus by offering it at ridiculously low figures. The potato handlers were given a decided jolt yesterday morning when telegrams from the North assured them that no stock will be shipped here for less than 2.00 a hundred, freight on board Stockton. This would bring the potatoes up to 2.15 laid down in Los Angeles and would mean an advance of from 25 to 50 cents over prices now prevailing. The only potato still selling at a fraction under 2.00 is the Idaho Burbank, which brings 1.75 per hundred. Salinas and Lompoc are both selling up to 2.50 today. Four weeks ago the same potatoes were selling at about 1.25 and it was not expected that the market would go much higher during the season. The destruction of large quantities of potatoes in the North has brought about the sudden change. Total arrivals yesterday morning were hardly a carload.

Receipts of local eggs were reported on the increase. Express arrivals were reported at 192 cases. The arrival of a car of eastern eggs, all fresh stock, was one of the topics of the street. It held the market at its present level, just when it was expected to go higher. The fact that prices in Los Angeles are lower than those in San Francisco, prevents a large quantity of eggs from up coast from being shipped here.

Butter was firm and unchanged in value. There were a number of good eastern extra offerings at 33 cents a pound. Arrivals were reported at 16,069 pounds. The demand on the street was good.

Citrus Fruit Shipments
Monday, Jan. 25, 91 cars; 67 cars oranges; 24 cars lemons. Total to date this season, 4310 cars; 3228 cars oranges; 982 cars lemons.

Oregon cheese is one of the best sellers at the present time. Prices precalling range from 16 to 17 cents. The eastern varieties in best demand are Daisy and Longhorn. Swiss imported is one of the fancy varieties which is receiving considerable attention from the buying world.

All onions were marked up. Prices are now running from 2.25 to 2.50 per hundred. The credited price is the higher one, but there are a number of dealers who handle the product in large quantities who are selling at the lower price. Nevada brown onions are the only variety bringing a flat 2.50.

Flour prices, which have been on the verge of another advance, are again back to normal feeling. The rains have been interfering with immediate delivery, but all of the local mills are well supplied and do not rely on present arrivals. Wheat has been going up in Oregon and the Chicago markets, until the present rains in the southern wheat countries which assures early planting. Barley and corn holdings, which have been heavy on the opportunity for still higher figures than have been prevailing, are beginning to loosen and, as a result, the market is not as firm as at this time last week.

"SOME IN RAGS SOME IN TAGS"

But Not the Maccabee Knights,
They Will All Be In
"Silken Gowns"

A riot of velvet and satin, silk and gold lace, with tassels and bells and ermine thrown in for good measure, was seen yesterday in the handsome robes just arrived for the use of the Knights of the Maccabees, Tent No. 8. The robes, recently purchased of the M. C. Lilley Co., of Columbus, Ohio, were on display at Fred B. Pickle's bicycle house yesterday afternoon, and were seen by many people who had heard of their glittering beauty.

The costumer's art reached a high

point of excellence in these handsome garments, notably the robes for the past commander, commander and chaplain. The first is a gorgeous rainbow affair of satin and silk, finished with tassels and tinkling bells, while gold lace is seen in profusion. The commander's robe is really a kingly garment in its blending of royal purple velvet, white satin, ermine and lace. Black velvet and white satin, with a sumptuous stole, are seen in the chaplain's gown. With all of these is to be seen headgear of rich and appropriate character. Of the remaining ones of the fourteen complete costumes, including white robes for the priest's sons, garbs for peasants and soldiers, it can be said that fine cashmeres and silks, gold and silver lace and rich braid unite to dazzle the beholder. Spears with nickel silver points and shields of phenomenal lightness and brightness complete the array.

The Knights may well feel proud of their new habiliments, and are to be congratulated on their wise choice of a buying committee, Messrs. Ed. Culver, J. W. Mitchell and Fred B. Pickles, who made a most judicious

selection. The Knights will present a gorgeous appearance when they don their imposing regalia, and it has been suggested that they hold an open meeting, that their friends may have a glimpse of their new splendor.

ANNUAL MEETING TOMORROW 2 O'CLOCK

The annual meeting of the Pacific Coast Soda Company will be held tomorrow afternoon at 2 o'clock. The meeting is to be held at the office of the company. Should the attendance be larger than the office will accommodate the meeting will adjourn to the Merchants' rooms.

OVER HALF INCH FOR THE NIGHT

According to Justin Copeland's rain gauge last night's fall was .62. S. Hill & Son's gauge showed .53, with 7.54 for the season. Copeland has over 8.50 for the season. S. Hill & Son's gauge shows 5.21 since Jan. 8.

NOT CLASSED AS DRY ONE

Rainfall Exceeds Eight Inches
and That Means Smiles --
For Farmers

(By D. W. McDannald)
BERRYDALE, Jan. 24.—This day will be a date long to be remembered in the history of Orange county, as it marks the certainty of a bountiful rainfall, and dispels the gloom of doubt and uncertainty of the com-

So far the river has done no damage above the Fifth street bridge, although it broke over at both the Seventeenth street crossing and at the one a mile above. The amount of water passing out was not sufficient to cut away a channel, but the time may come when these conditions are materially changed. "An ounce of preventative is worth a pound of cure," says the old adage. A few days work with teams and ing harvest. Very few countries in the universe where a dry season means more to the farmer than Orange county, and when the precipitation exceeds eight inches it is not classed as a "dry" season. Today's rainfall will bring the measurement comfortably above eight inches and insures us a bountiful harvest. With our new sugar beet factory ready for

operation and these copious showers coming in such timely season, a smile of contentment spreads all over our brawny countenance. And the grain farmer, he, too, has a smile coming, and the merchant, the artisan, and the editor, all, every one, can smile, for it spells good times, crowned with capital letters. scrapers would protect either of these places from threatened overflow, but, as Annie Dickinson once replied to a friend who was advising her to get married: "Barcus is willing, but where's your man." We are willing to put in the embankment, but where's your man and team.

Answering Alarm
An item is going the rounds of the press, stating that the Whittier school, exhibiting for the benefit of a lot of the school patrons, emptied the building in 58 seconds. Why, gosh-all-fish-hooks, mah, that was moving as slow as a man I once knew in Oregon, who was so slow he could not shave himself; the beard grew out on one side of his face while he shaved it off the other. Center school at Anaheim, without a moment's notice, filed out in the precision of a corps of veterans in just 30 seconds, and thought that was no great snakes. As a member of the last grand jury, I had the pleasure of seeing the fire drill put on in a number of Orange county schools, and not one of them but beat the time of the Whittier school. Try it again, neighbors, there is better stuff than that in you.

Deputy Sheriff Matt Sweetzer, and Liveryman Jim Callahan of Garden Grove, were in Berrydale last week looking for a crazy man. Just why they came to Berrydale to look for a man out of his reason stumps me, unless it was they had heard of my neighbor who wants to sell his place here so he can move to Old Mexico. There is but one other thing more calculated to bring a man's sanity into question, and that is for him to marry his mother-in-law.

This week a young man of Orange, named Peacock, wed an estimable little lady by the name of "Mann." This is an instance of both parties getting a man. And this is as it should be. A great many times neither party gets a man.

—COMPARE these \$1500 wonders(?) with a real automobile at the Auto Show this week.

—The Automobile Show in Los Angeles this week promises to be the biggest thing of its kind ever held on the coast; all styles of automobiles will be shown, the Durocar Mfg. Co. will have one of the best exhibits on the floor, showing all their styles. This car is well known in Santa Ana, Wm. F. Lutz Co. having sold a large number of them here.

ANY MAN buying an automobile has a right to and should demand full value for the money expended—He should insist that for every dollar the car costs him, He gets all the automobile that can possibly be supplied for that dollar. The question is, how can a man be positive that in the car he is buying, he is getting full value,—the finest catalogue often describes the most inferior car. Where the Ford buyer is safe is in the fact that he is buying a car of a company that has actually built more cars than any other, and there are 25,000 Ford Cars proving Ford superiority—that they have almost completed the largest auto-
